

STATEMENT OF WORK

Work to be done:

Offerors are required to provide items as described below. All items must be new, off the shelf, officially imported and guaranteed.

The offerors should provide:

- Supply new vehicle lifter and oil distribution system,
- Dismantle the old vehicle lift (Two - posts Mohawk Lifts, 12,000 lbs.),
- Install the new vehicle lift and oil distribution system.

The offerors shall provide not less than a one-year warranty with ability to fix items locally in Ukraine together with information on the availability of authorized service centers for the performance of warranty and post-warranty repair (including maintenance) of equipment, required within this SOW, with its location(s) and telephone numbers.

Delivery and Deadline: Requested items should be delivered to the U. S Embassy Kyiv within 30 days after the contract award. The offer must include the costs of the products, delivery to the final destination, dismantling of the old vehicle lift and the installation with adjustment of a new one.

Voltage: All devices must be compatible with voltage 380 volts.
